Not Long Now!

We are extremely impressed with the amazing speed of the Coronavirus Vaccine roll out. We have heard from many of our club members who are delighted to have received their First Dose.

"It feels as if we are, at last, seeing the light at the end of the tunnel and have finally turned the corner".

We must all remain diligent and follow government guidance but it has been exceptionally tough on the older population and *we are here for you*. Despite these appalling past months, the Young at Heart Club have continued to provide a service for you with our ChitChat sessions and Newsletters. The clock is ticking down and we are getting closer to re-opening our club. Your safety is our main priority and we will monitor the advice and local council guidelines before we open our doors but let us all pray it will be soon.
