The Government announced that there would be a delay in the easing of lockdown restrictions. It is now expected that 19th July will be the new date for the country to return to some form of normality. This has had a direct impact on our planned date for re-opening. This is very frustrating for everyone but we will not risk the safety of our club members and volunteers and must adhere to the government guidelines. We thank you for your patience but the great news is that with the mass vaccination program currently going so well, we feel confident that we will be able to provide a re-opening date very shortly.

We want to see your photo's!

You may have photos of your childhood or some holiday snaps or pictures of your family pets. Why not share them for other members to enjoy.

Post them or ask a friend to email copies to:
